

2024 - 2028 Mining and Management Program (MMP) explanatory notes

About the 2024 – 2028 MMP

The 2024 - 2028 MMP relates to Alcoa's proposed mining operations in Western Australia for Huntly and Willowdale mines within Mineral Lease 1SA from 1 January 2024 to 31 December 2028.

The 2024 – 2028 MMP is considered a technical rollover of the 2023-2027 MMP approved on 20 December 2023 by the Minister for State Development.

It excludes mine development activities associated with the proposed Myara North or Holyoake mining regions currently under consideration by the Environmental Protection Authority¹ and the Department of Climate Change, Energy, the Environment and Water².

Clearing schedule

The 24-month clearing schedule remains unchanged from the 2023 – 2027 MMP.

Approval Conditions

The approval conditions of the 2024 – 2028 MMP remain unchanged from those accompanying the Minister's approval of the 2023 – 2027 MMP and can be found on Alcoa's website under the 2023 – 2027 MMP tab.

Appendices

The appendices referenced in the 2024 – 2028 MMP remain unchanged from the 2023 – 2027 MMP and can be found on Alcoa's website under the 2023 – 2027 MMP tab.
